SENIOR CLASS HISTORY

The Senior Class of 1957 entered Winfred High School in 1953 as green and devilish Freshmen. There were seven students in our class at the beginning of the year. They were Bill Hueners, Lila Hyink, Diane Potter, Linnie Williams, Bill Schaeffer, Bob Snyder, and Bert Verhey. At the end of the first six weeks, Bert Verhey left our class. At the beginning of the second semester of our Freshman year, Virgil Nipp entered our class from Beadle.

Our Sophomore year started out with six students. All remained except Bill Schaeffer, who went to Howard, and remained the same throughout the whole school year. Three of our students, Bill Hueners, Lila Hyink, and Diane Potter participated in the Senior Class Play that year.

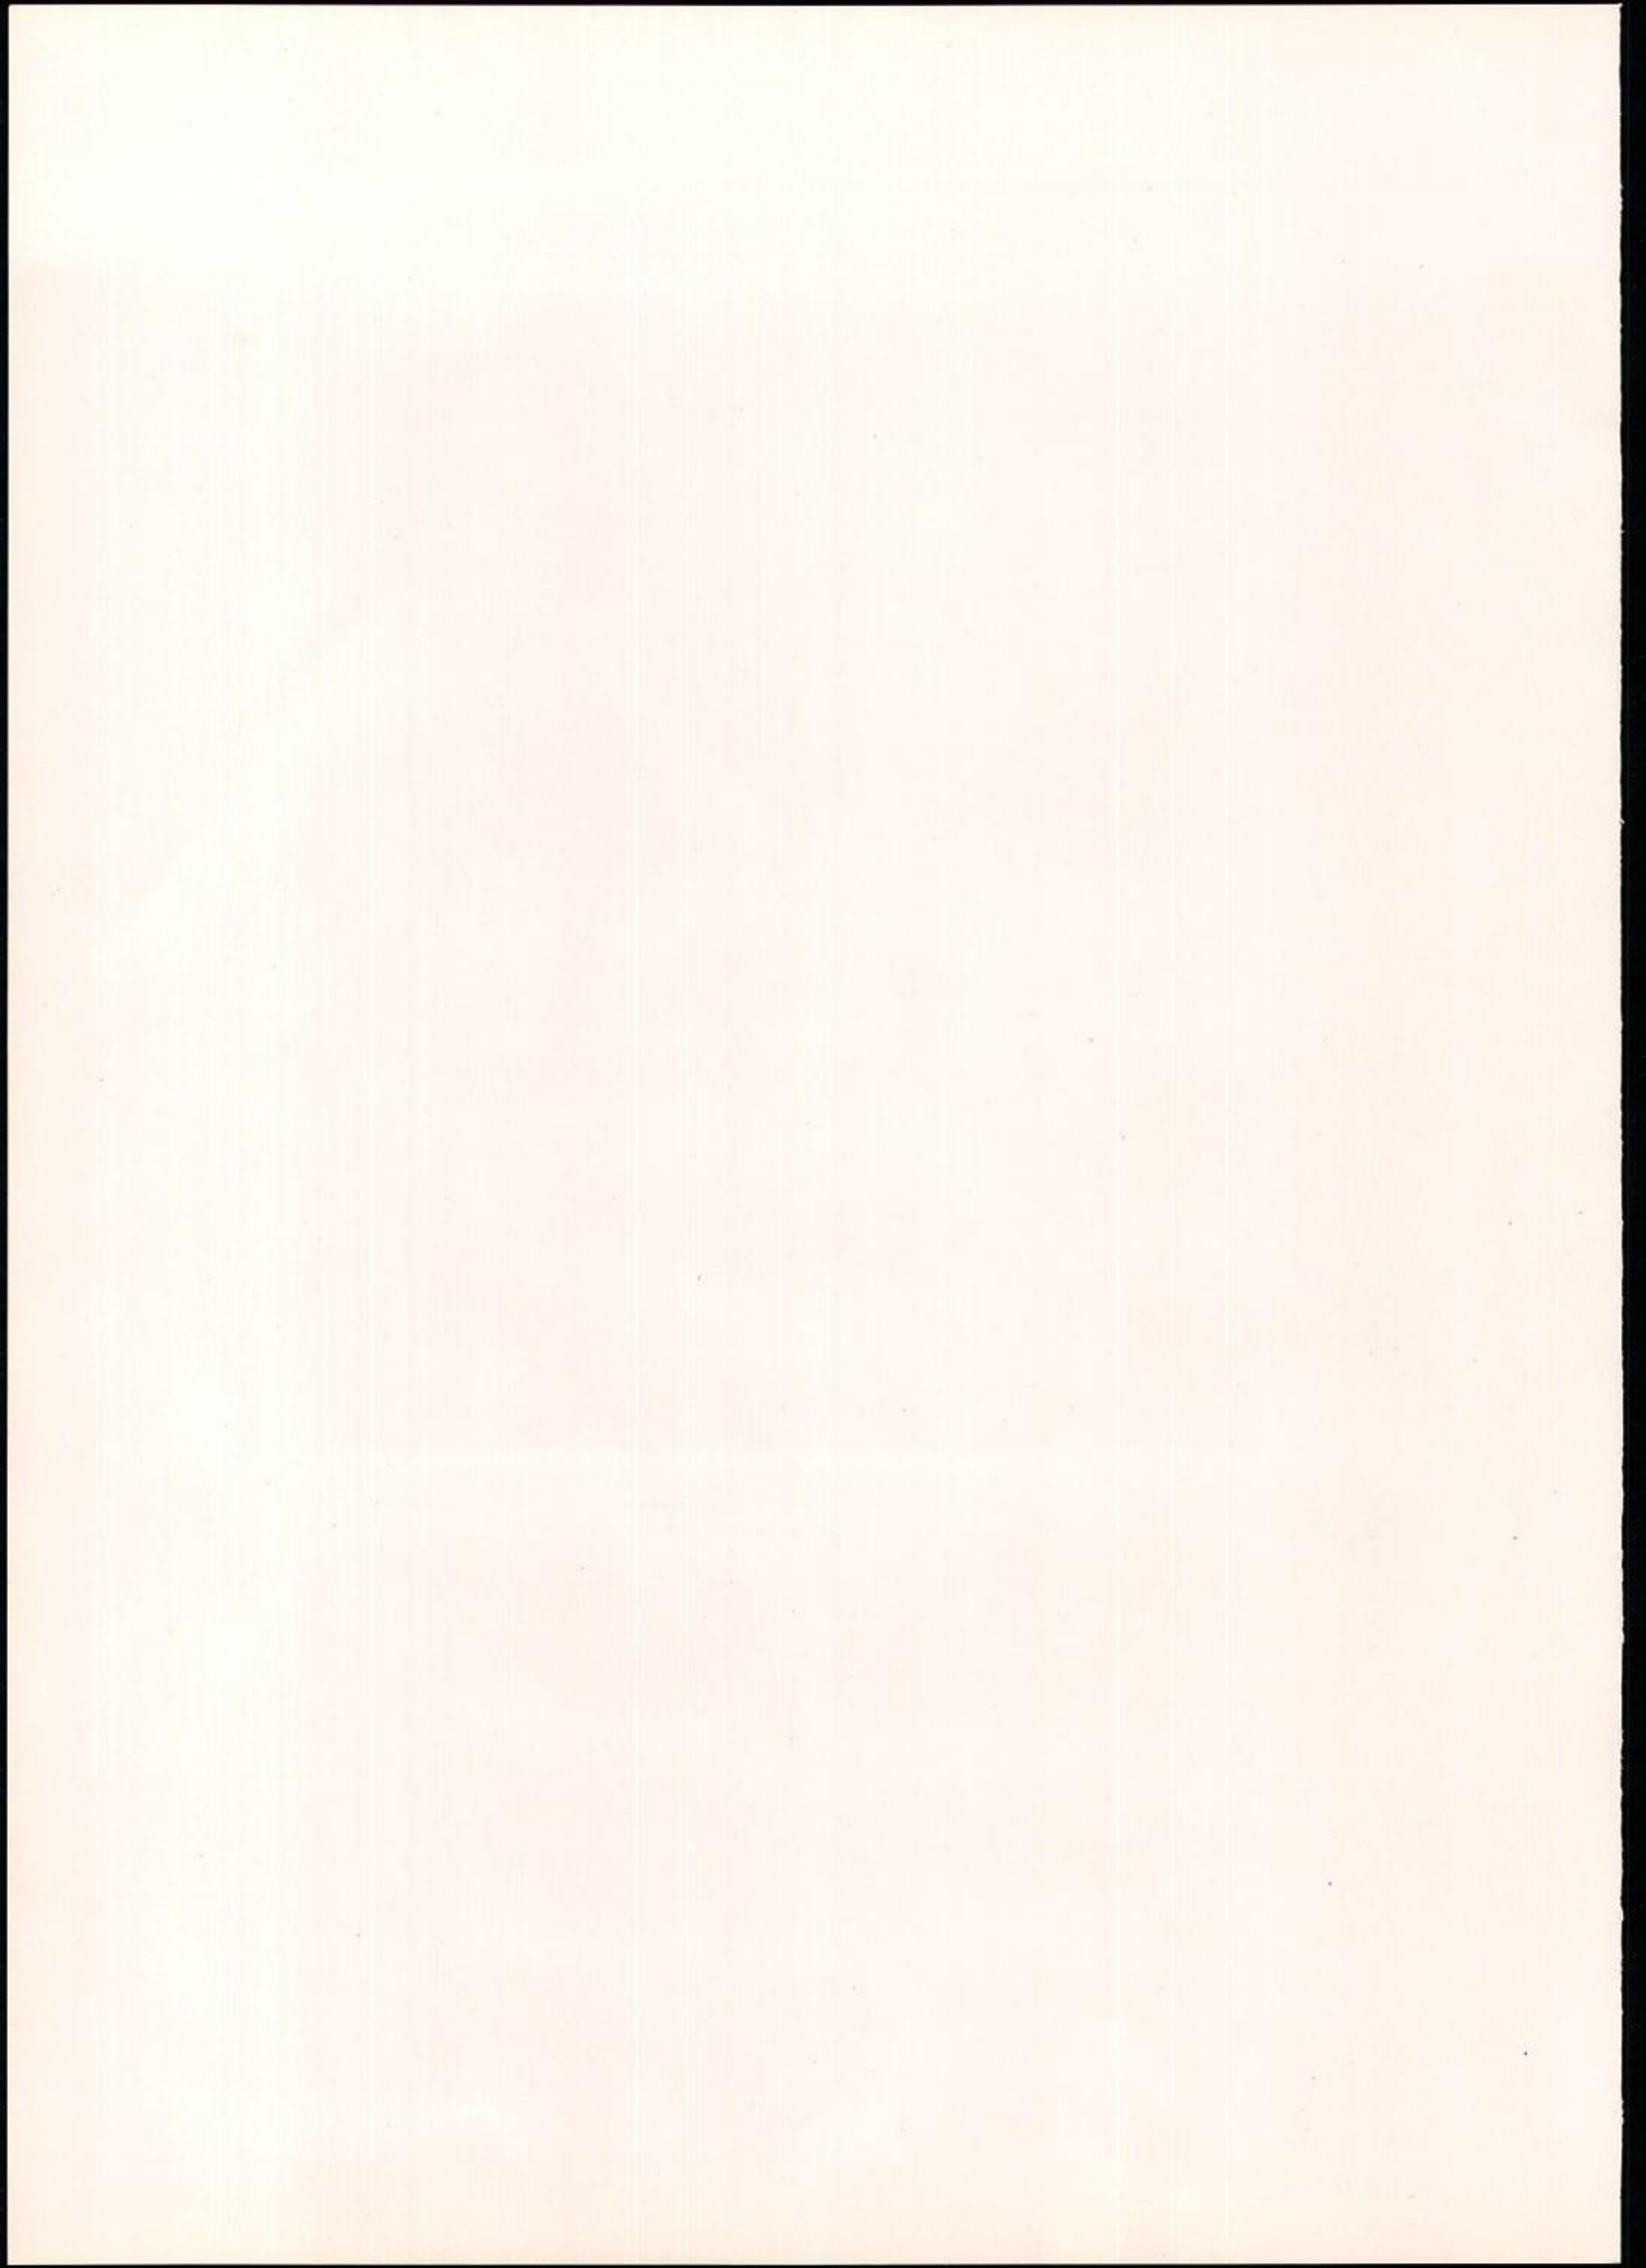

Our small class started their Junior year rolling with five students. Many exciting and interesting things happened this year. We had a lot of fun giving our Junior Class Play called "Abigail Goes Haywire". We also had fun in giving the Junior-Senior Banquet, although it was a lot of work. We enjoyed doing that much for our classmates who graduated that year.

In the fall of 1956, school started with only four students but were "saved by the bell"! Ronnie Stratman entered our class a week after school started. Ronnie was transferred to our class from St. Agatha. It would have been a shame to have let our class decrease each year but we are graduating from Winfred High School with a five member class.

Oh, well, the pianist who plays the march will only have to play a couple of measures so he won't get tired, I'm sure.

Through our high school education we had Mr. Fritz and Mr. Gottsleben for teachers all four years. One year we had Mrs. Keller, one year Mrs. Christenson, and our last two years we had Miss Chapin.

SENIOR CLASS PROPHECY

Here it is the year 1977 and as I sit here in my tent in Africa where I am undertaking the mining of a new mineral, I am reading a letter I received from my old classmate Bill Hueners. He is racing one of the latest turbo cars at Sioux Falls now. Bill says he got his start at racing in the early sixties on the old track they had at Indianapolis with those old gasoline engines. He goes on to say he managed his first bread by hopping up an old fifty three Ford he had in his high school days. Bill received a letter from Linnie Williams who is now farming outside of Winfred. He has about 6 sections with about half of it under cultivation and the rest is hay and pasture land. Bill tells me Linnie bought the Red and White store when our old Bookkeeping teacher, Mr. Fritz, retired.

I was in America about six months ago and one day as I was reading the paper I saw where Diane Potter was now in Hollywood working on her latest movie "I'll Bawl Tomorrow". I obtained a pencil and paper and wrote to her and surprisingly enough she still remembered her old classmate, Ronnie. She wrote me a letter and told me she married one of Hollywoods' richest, most handsome actors, Rock Hearts, and has been happily married for the last ten years. She says she received a letter from her old friend and classmate Lila Hyink, who has been happily married since a couple of years after she graduated from high school. They live in the city of Sioux Falls where her husband has undertaken the building of the Vampire State Building which, when completed, will be the largest building in the world, a mile high.

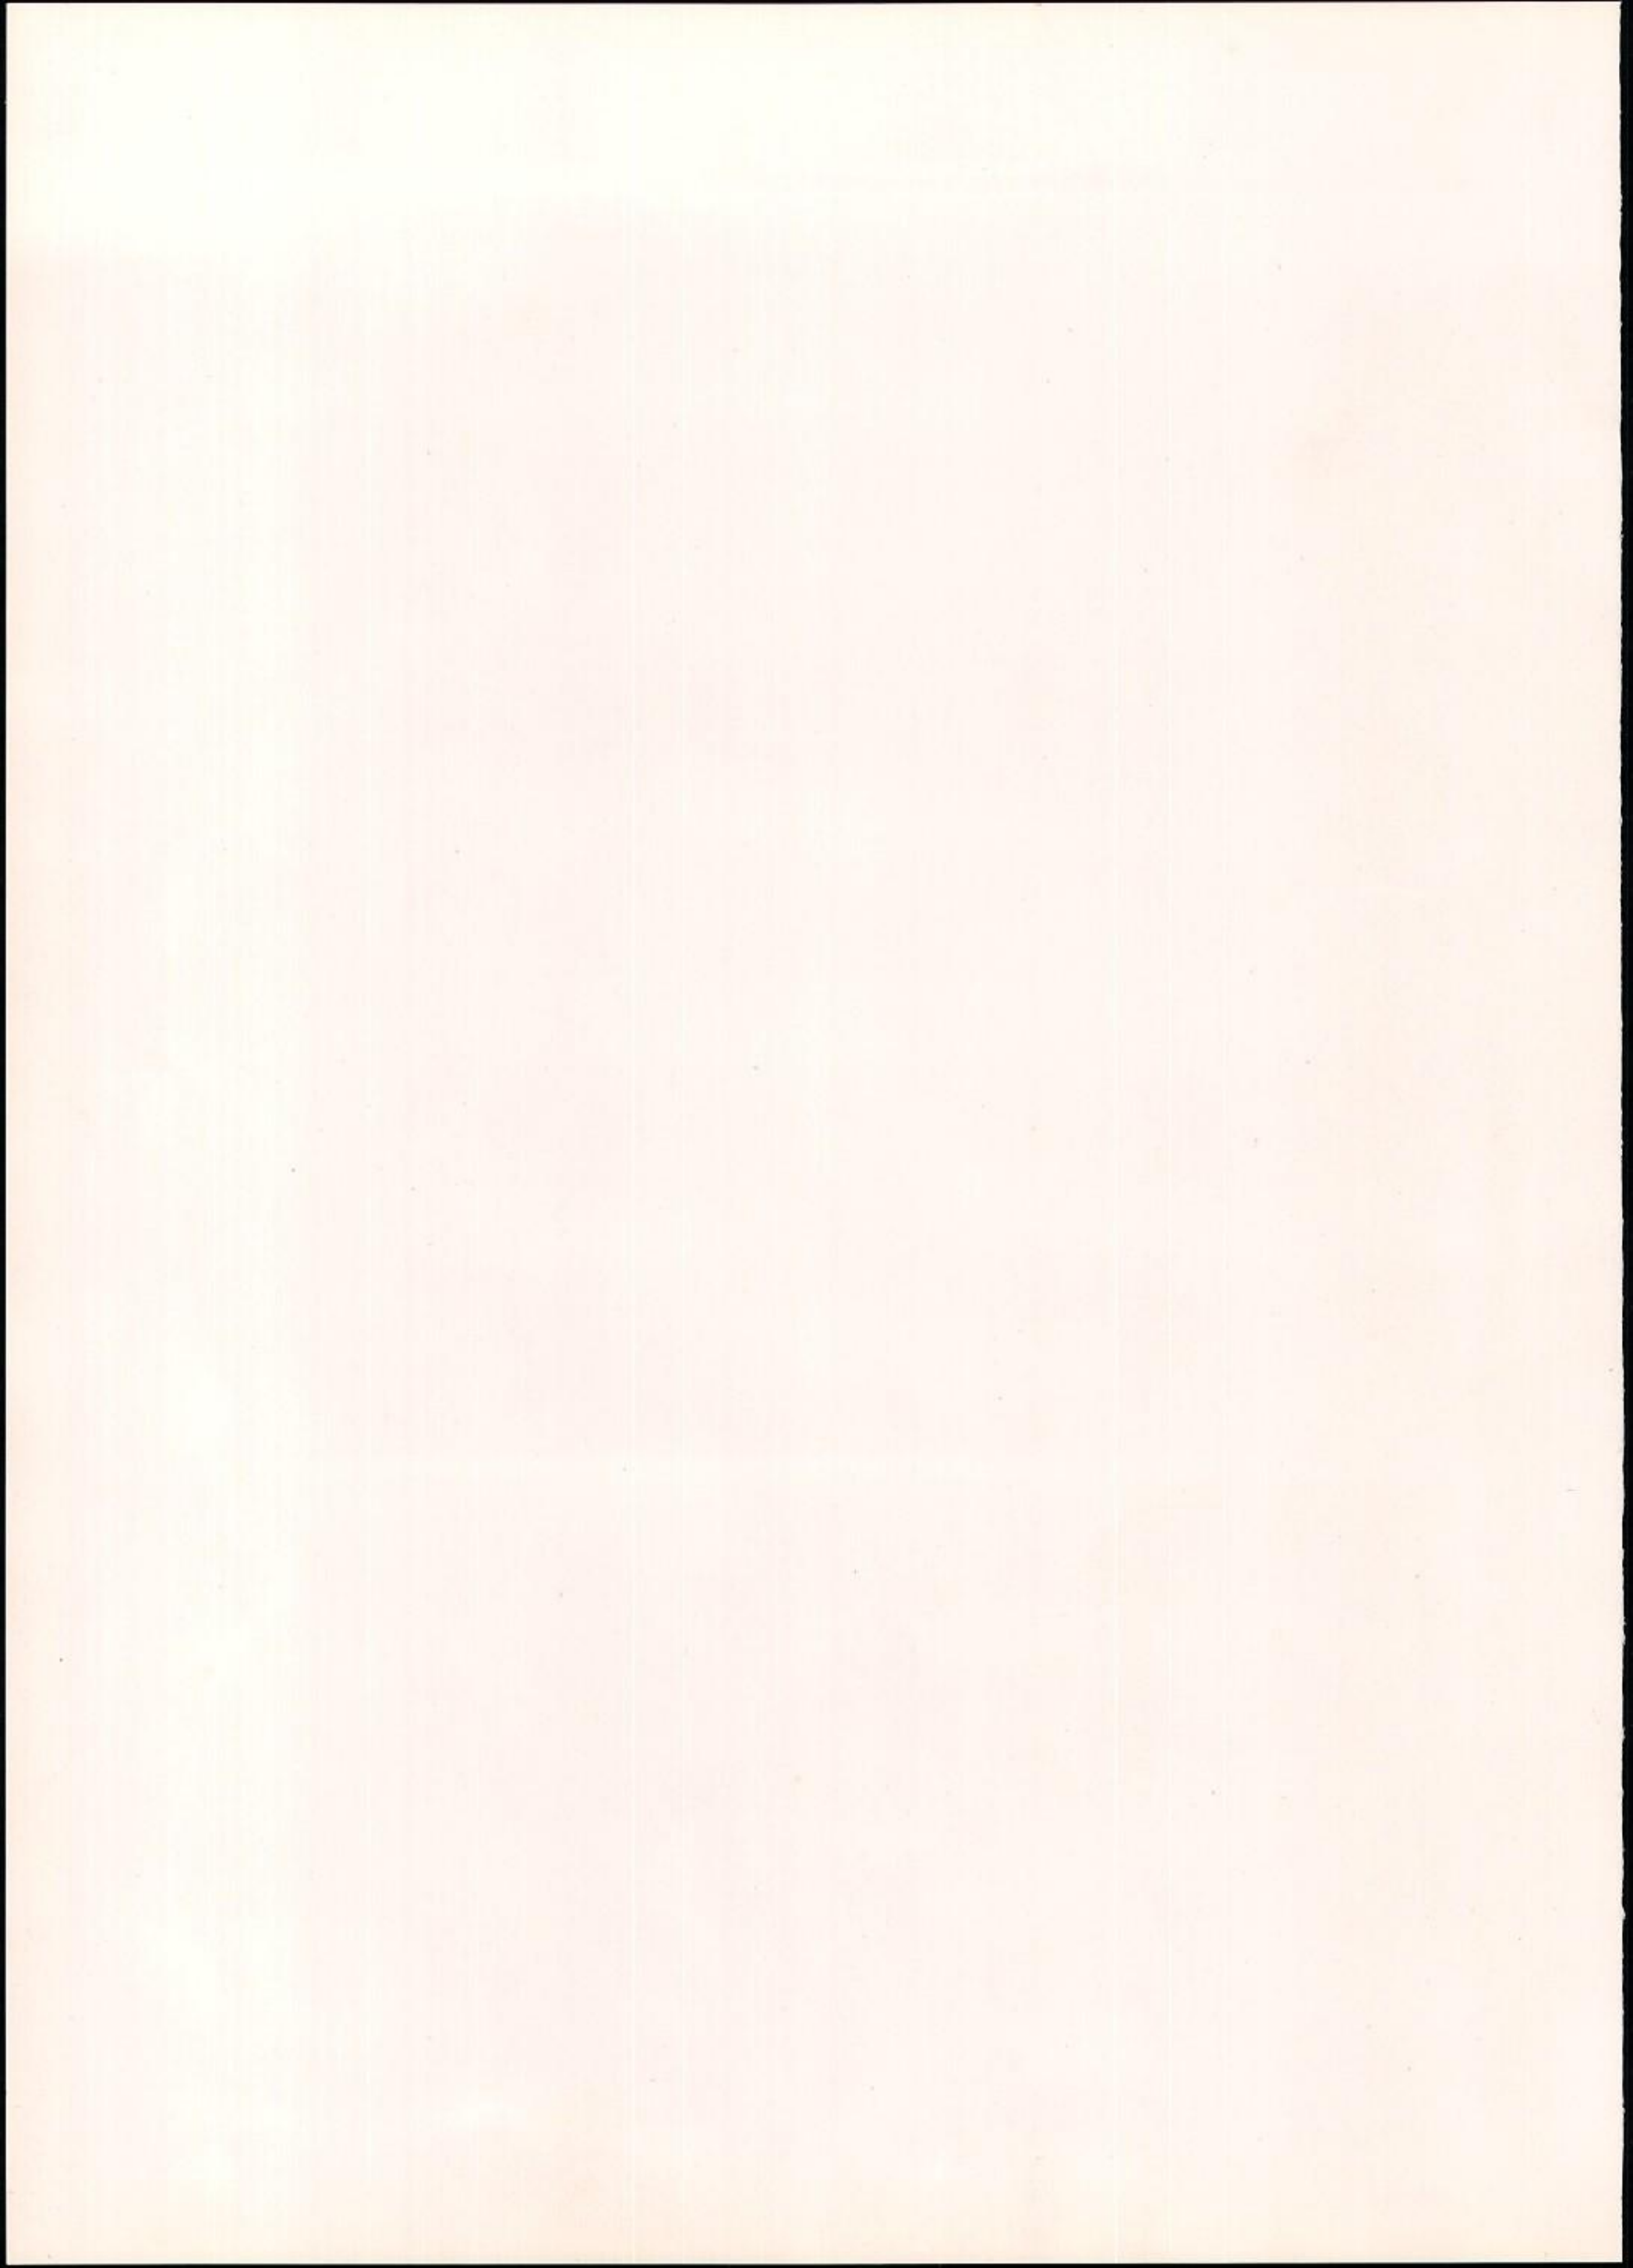

The past 20 years have been very good to the five eager Seniors that left Winfred High School in the spring of 1957. We certainly hope we can have a class reunion sometime in the near future.

Incidentally, that new mineral I am mining is called "Build It" for building mile high buildings.

SENIOR CLASS WILL

In considering the things that are left behind when departing from high school, there are many prized possessions. The Senior class wish to will the dug up school yard to the Junior class. They would also like to will the autographed desks and walls (including the gum under the desks. Generous?) to the freshmen class. Their ability to pack up and leave is kindly willed to the Sophomore class.

Of course, there are personal possessions that seem of value.

Diane Potter, better known as "Di", wills her dancing ability to Florie and her ability to stay out late to Merle. She wills her giggling ability to Karen and her gift to gab to Kay. (Make good use of it! There's enough to go around.) She wills her ability to play piano to Leanore. Diane would also like to will her ability to get the car any time she wanted it to RoseMary Friedrich. (Good luck Rose.)

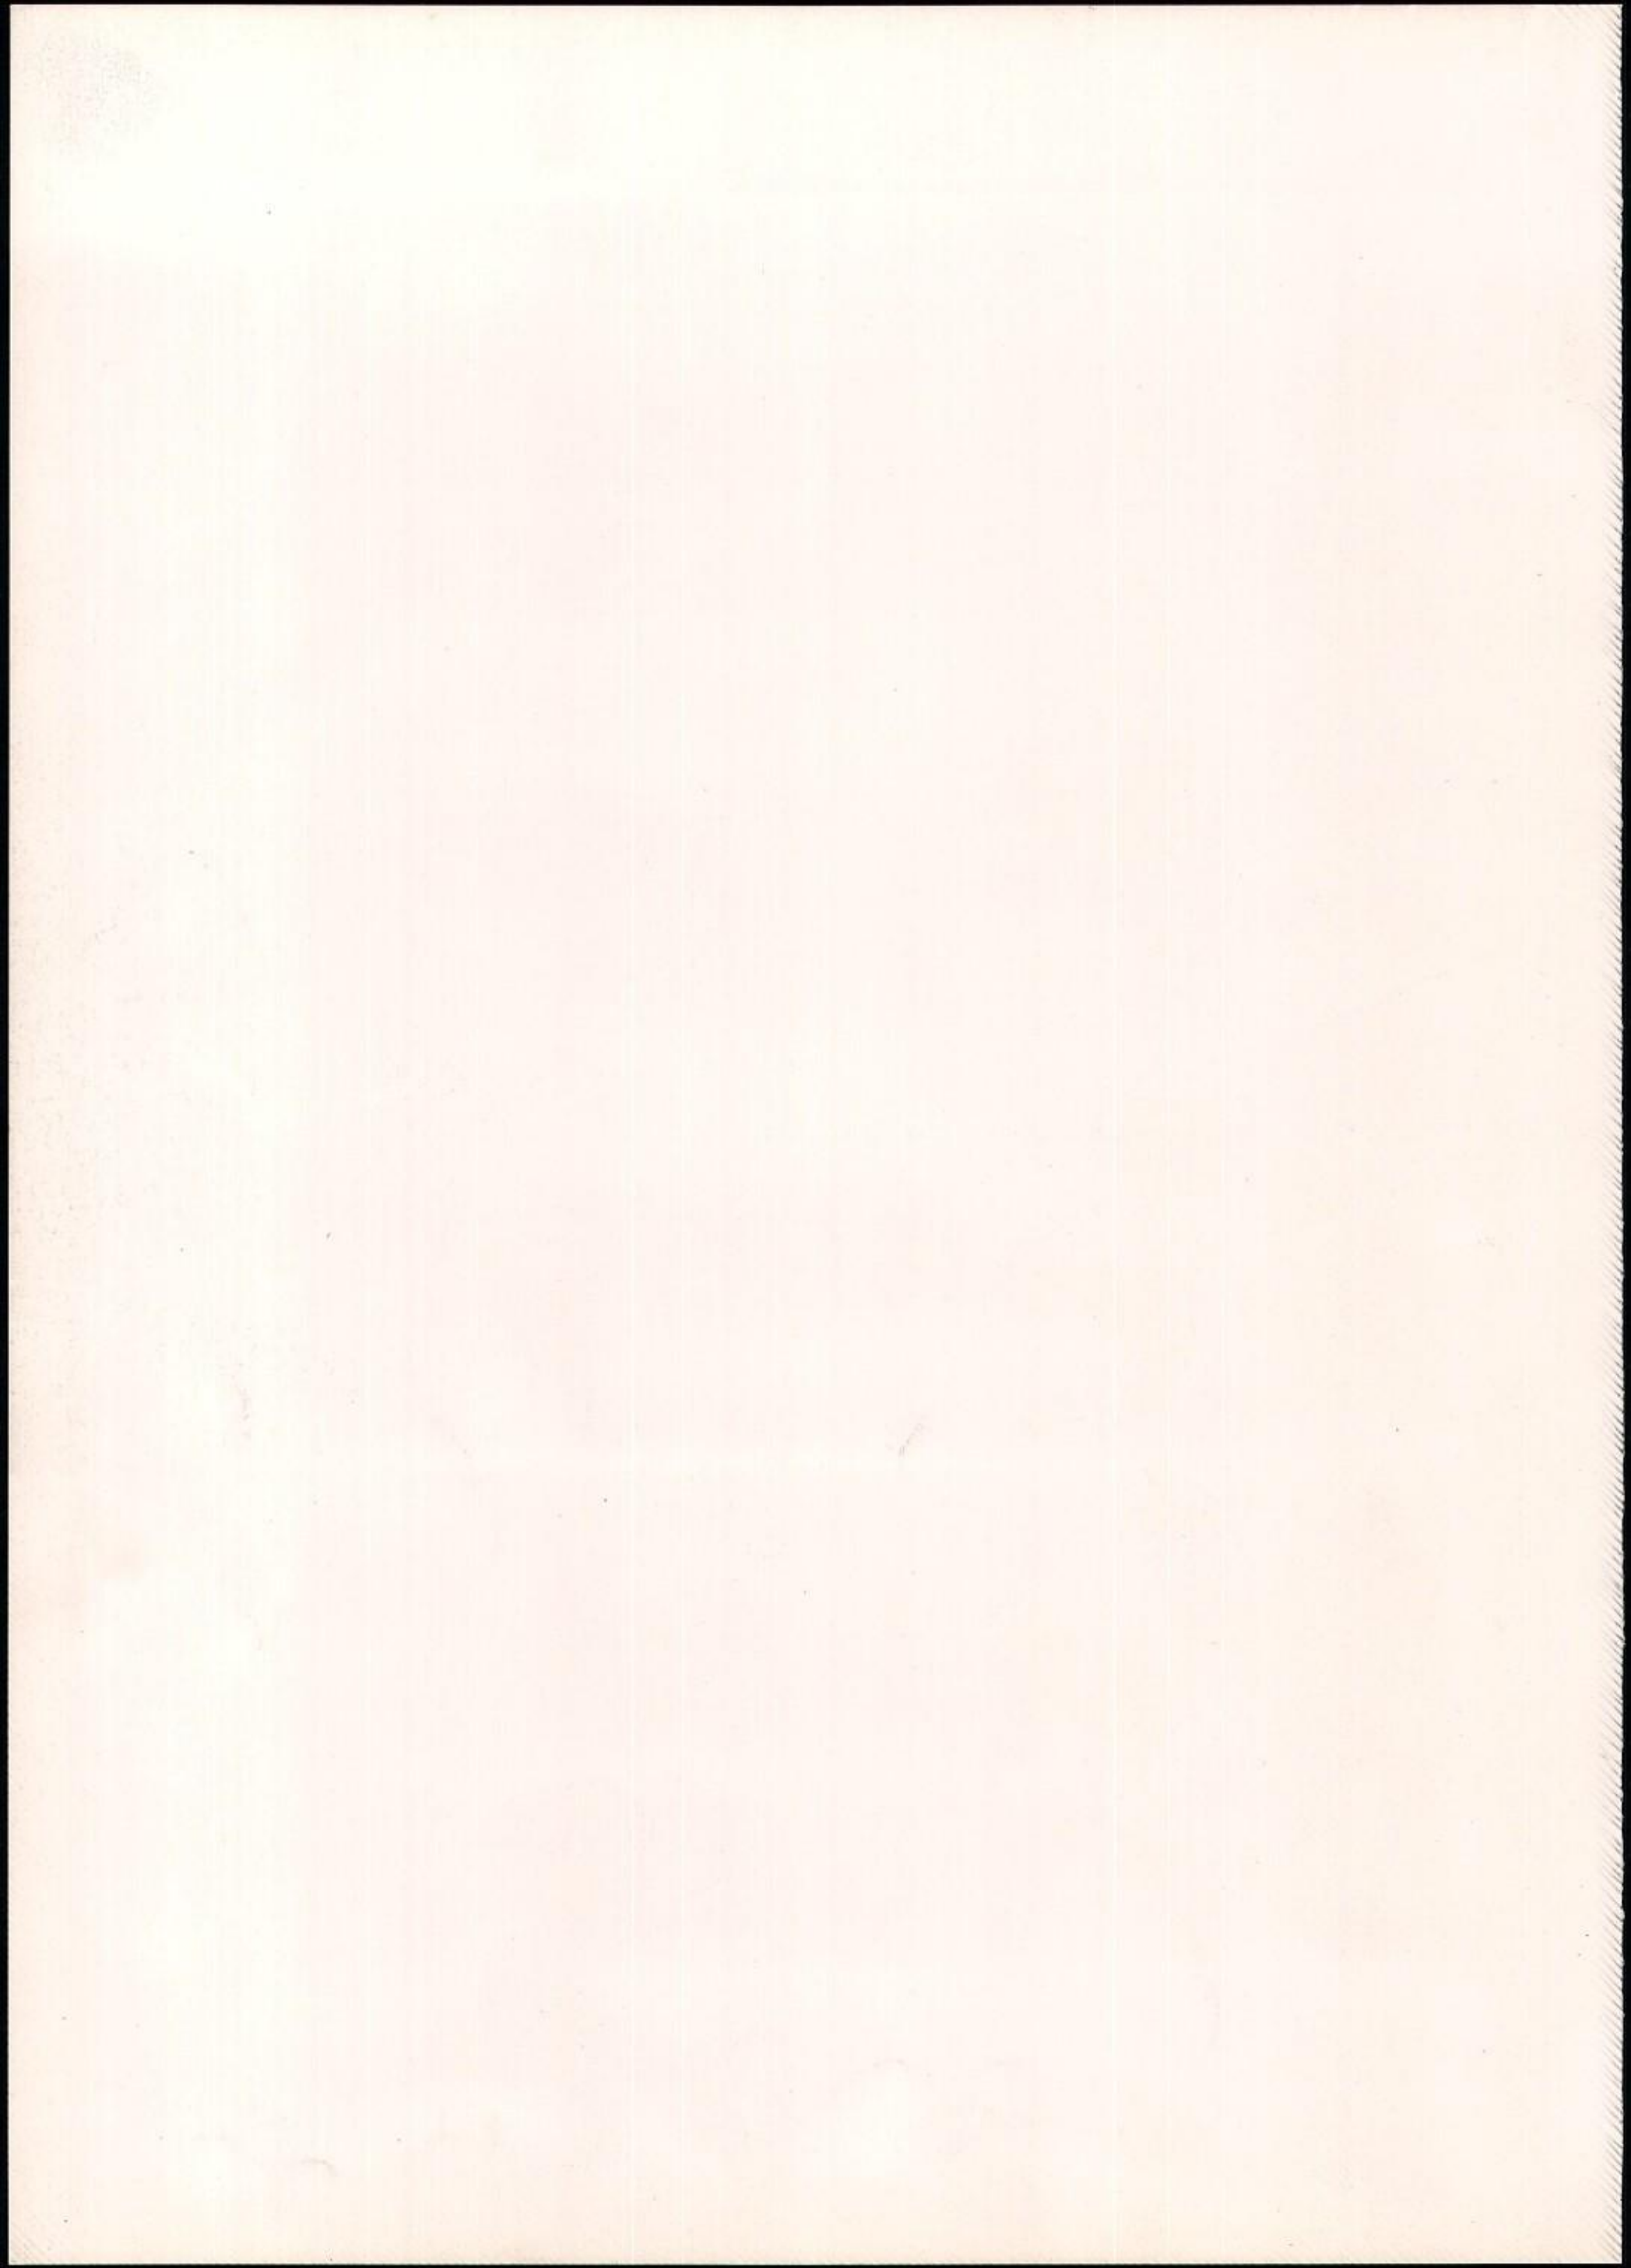

Bill Hueners wills his brownie points to whoever can use them. He wills going to all the Elks parties to Richard. He wills his ability to pass for eighteen to Ken Hyink and his jitterbugging ability to Leanore. (Of any use kid?) Bill wills his basket-ball ability to Roger Hageman. (Go man go!)

Lila Hyink wills her red hair to Ronnie Kouri. She wills her ability to go with a service man to Charlotte. She wills her ability to polka to Robert Thompson. (Rip it up!)

Ronnie Stratman wills his car to whoever can drive it. (Have fun kids! He did.) He wills his smile to Leanore. He wills his ability to accumulate black eyes to Royal. (Very becoming!)

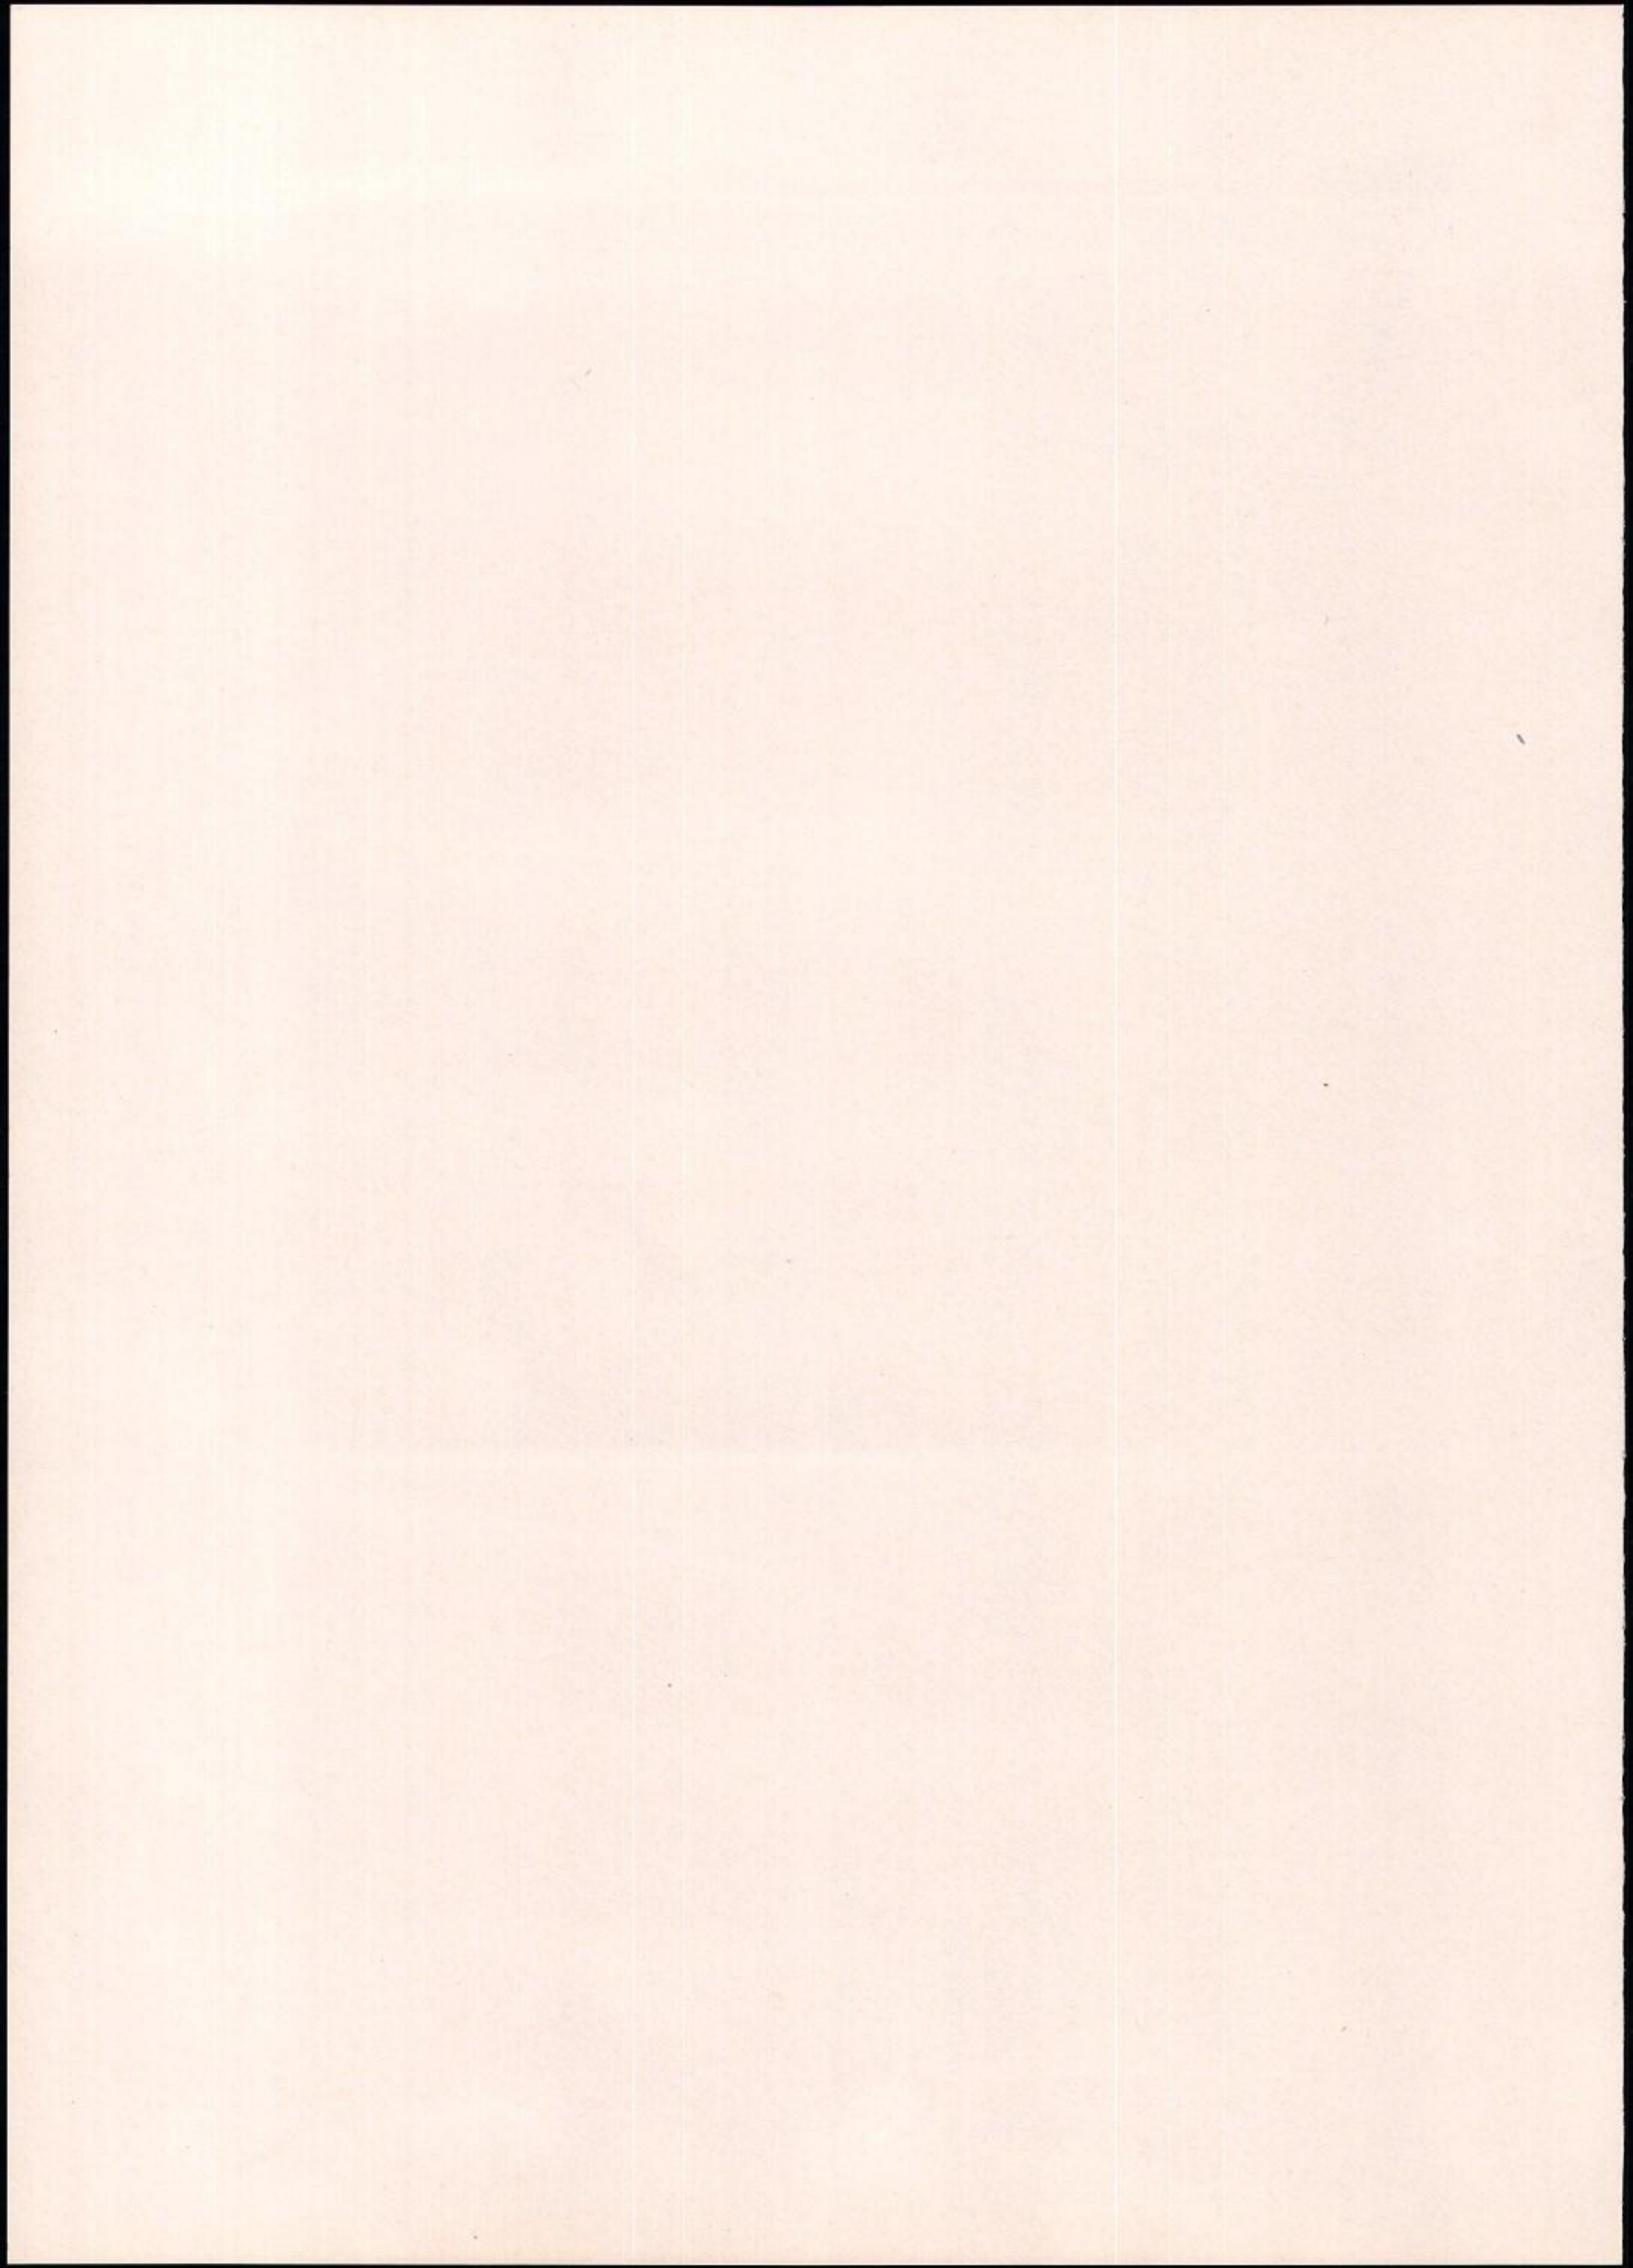

Lynn Williams would like to will his nickname "Rip" to Royal. His ability to get home late to Sam. His hard work in school to Merle Edwards. He also wishes to will his pet sport "hunting ducks" to Dick Wettlaufer. His wild days to Ken Hyink. His ability to sleep in class to Lindon Potter. His great baseball playing days to Donnie Westall. If there are any other prized possessions left, he'd like to give it to Leonard Eichmann, the janitor.
